TEACHER SPOTLIGHT

This is Patricia Clark's first year here at UCA; she is teaching 7th grade Math and Science and 8th grade Math, Science and Bible. She attended ULM, Nicholls State University and U.L. Lafayette and has her certification in middle school math and science.

She and her husband, Andrew, have one teenaged son named Ian. They attend St. Jules Catholic Church where Mrs. Clark has taught summer Bible classes and has helped with all fund raisers.

Mrs. Clark's favorite thing about UCA is feeling close to the Lord while witnessing His daily blessings with the students. She loves sharing the wonders of the Lord and this earth with those eager to learn.

A Special Thanks

I want to thank you for your patience with all the changes this year. I know a lot of you were concerned that not all the elementary grades were in the Christmas program this year. It was a necessary change because of our growing school. With just the 3rd, 4th and 6th grades in the Christmas program, we had 84 students participating. We will continue to keep those same grades every year; therefore, you can be assured that your child, when they get in those grades, will be in a Christmas program for school. We are also adding new programs this year on every "Family Day." That way, every year on Family Day you will have the opportunity to see your child in a program. Thank you for your support.

Mrs. Sanson
